Your group is to give a presentation based project #2. Here are your guidelines:

2. Your talk cannot exceed 10 minutes with a 2 minute Q&A period afterwards.
3. Your talk will be graded as follows:
 - a. **Time – 2 points** (you miss one point per minute over with a maximum of two minutes in which case your presentation will be terminated with a deduction of two points).
 - b. **Quality – 3 points** (look to the notes on oral presentations given earlier in class).
 - c. **Comprehensiveness – 2 points** (be sure to thoroughly understand what you've written in Project #2).
 - d. **Q&A – 3 points** (you should be able to handle fair questions from the audience with authority).
